📍 #27 Dao st. Town and Country Executive Village brgy. Mayamot Antipolo City, Rizal

About Me

Motivated Software Engineer with real-world experience in web development and a strong foundation in CS principles. I'm a quick learner who solves problems with curiosity and persistence. I collaborate well with teams, adapt quickly to new tools and systems, and consistently deliver high-quality work. I'm excited to take on challenging projects, grow under experienced mentors, and contribute meaningful value to the organization.

Experience

04/2017 – 11/2017

Computer tech/Sales, *Cashcow Netopia*

- Assisted customers with a variety of technical services, including printing, device setup, and troubleshooting hardware or peripheral issues.
- Provided guidance on product selection and usage, ensuring customers understood features and capabilities.
- Managed point-of-sale transactions and inventory tracking, maintaining accuracy and efficiency.
- Delivered high-quality customer service by quickly resolving technical problems and answering product-related inquiries.

06/2023 – 03/2024

Antipolo City
